THE LISTROS

ST LUNDI

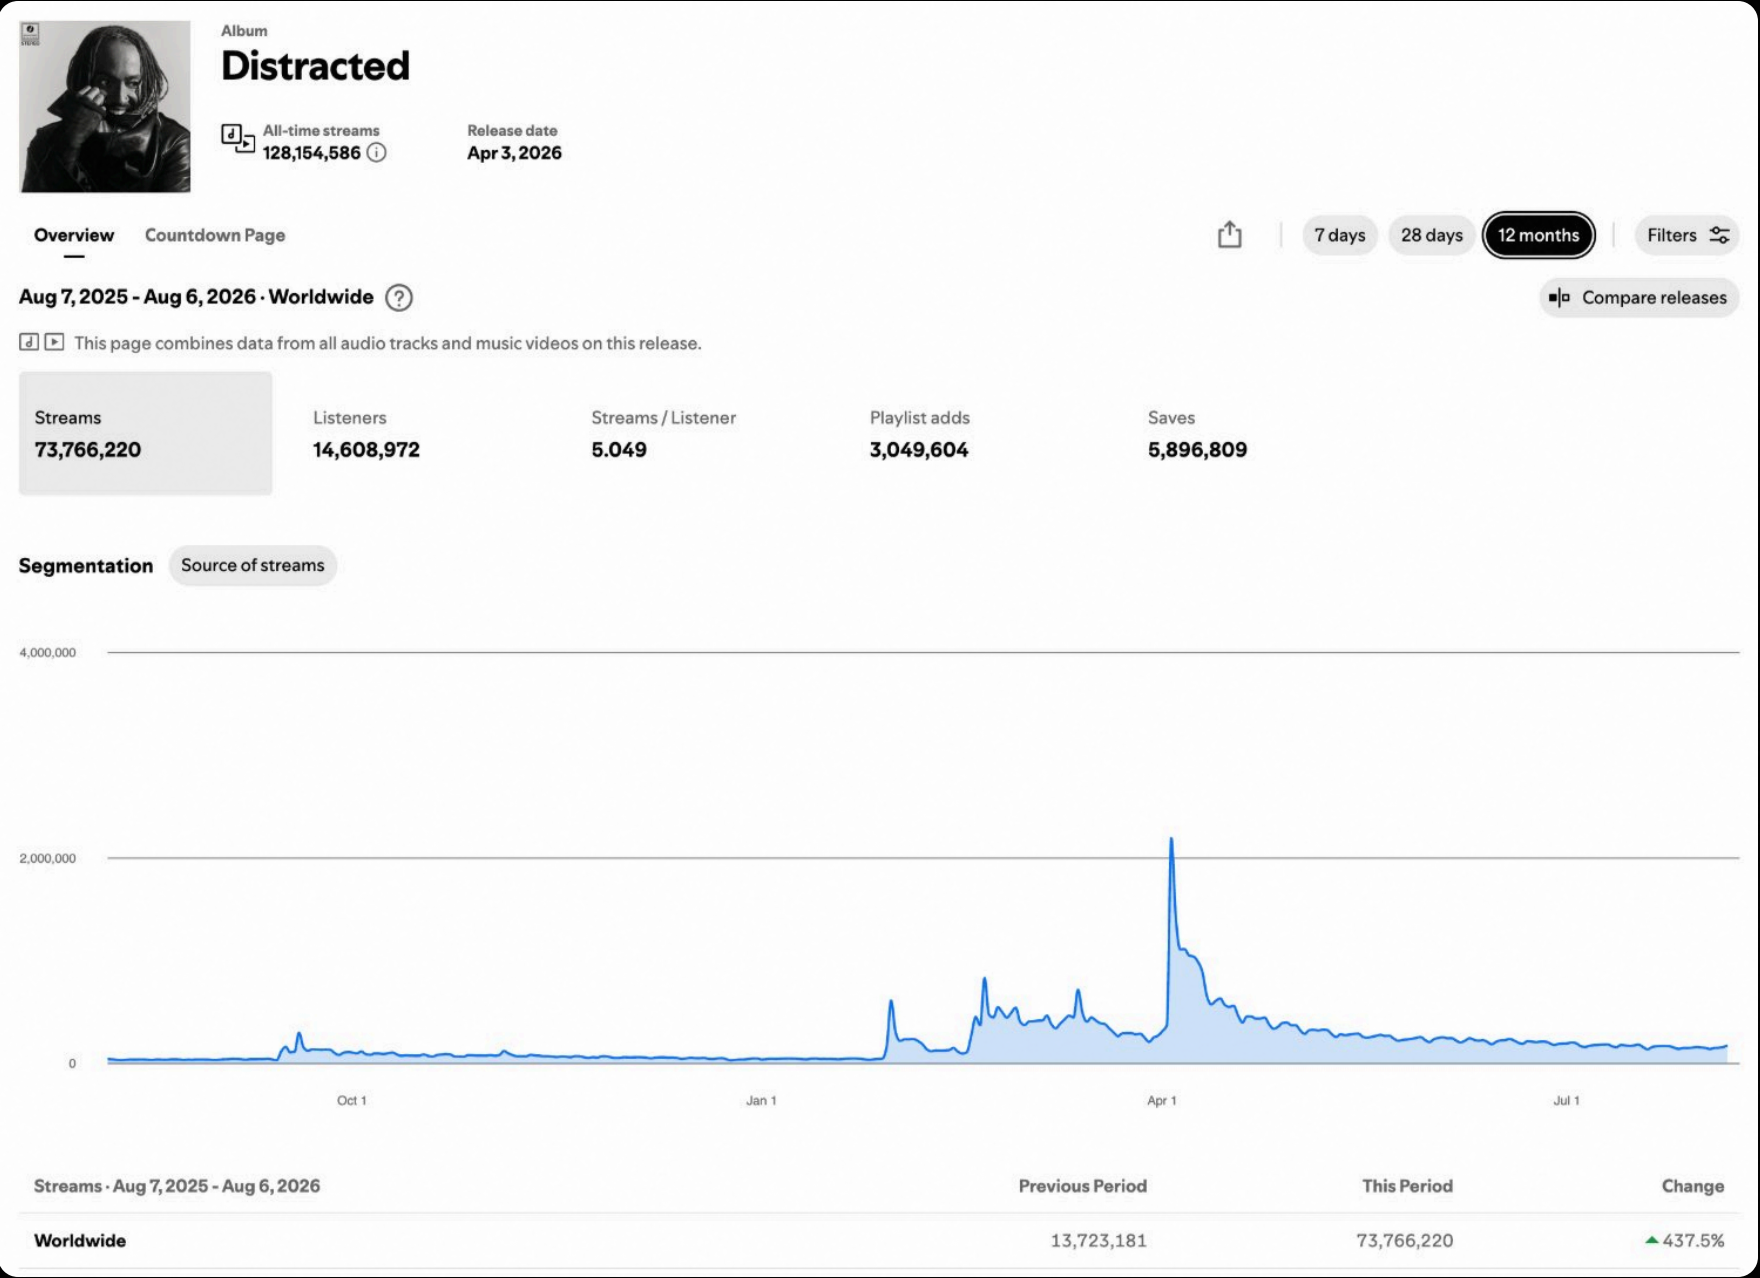

DISTRACTED — ALBUM

73.8M streams
in twelve months.

Averaged 202K a day · up 437% year on year

14.6 million listeners, 3 million playlist adds and 5.9 million saves. The record went from 13.7M streams the previous year to 73.8M.

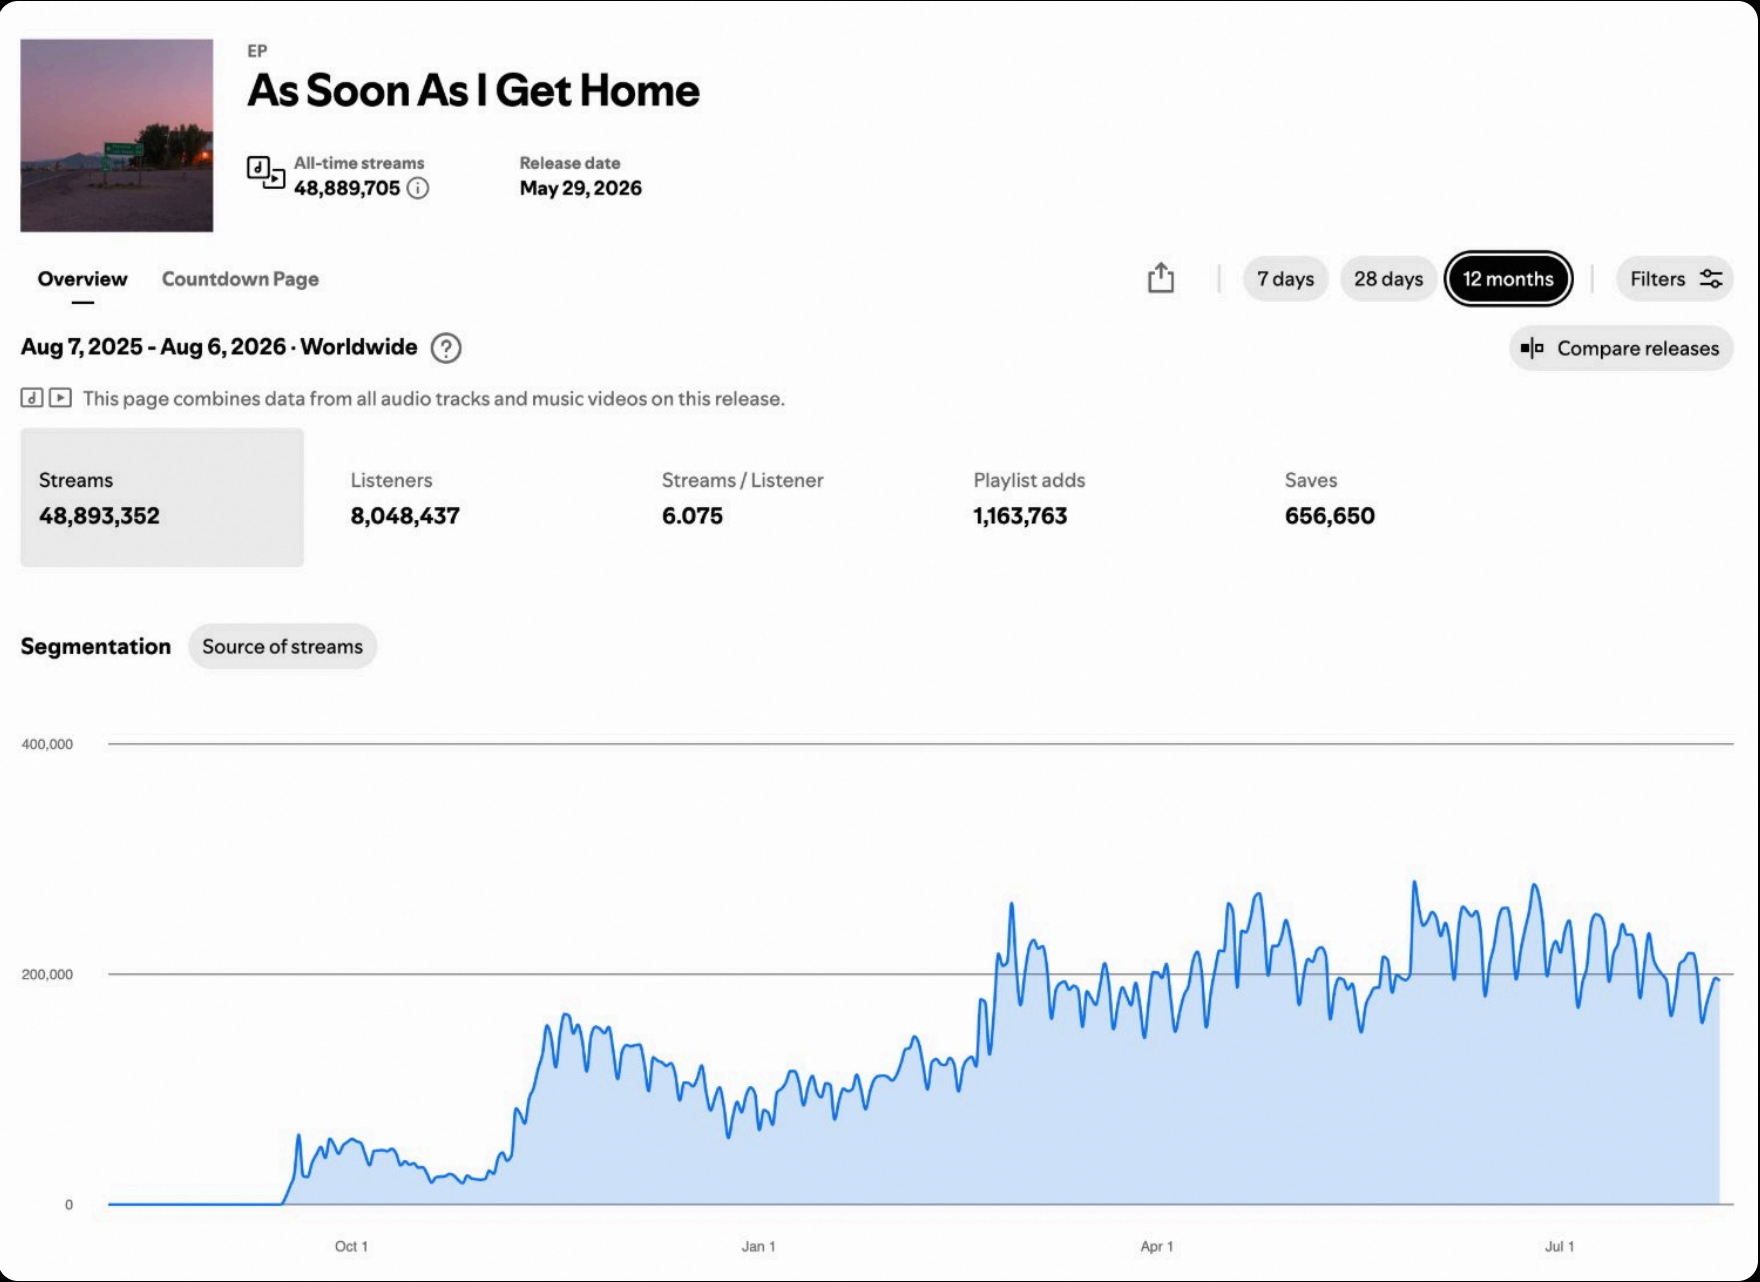

AS SOON AS I GET HOME — EP

48.9M streams on one EP.

Averaged 134K a day · 8 million listeners

1.16 million playlist adds and 656,650 saves. Six streams per listener says the audience came back rather than passing through once.

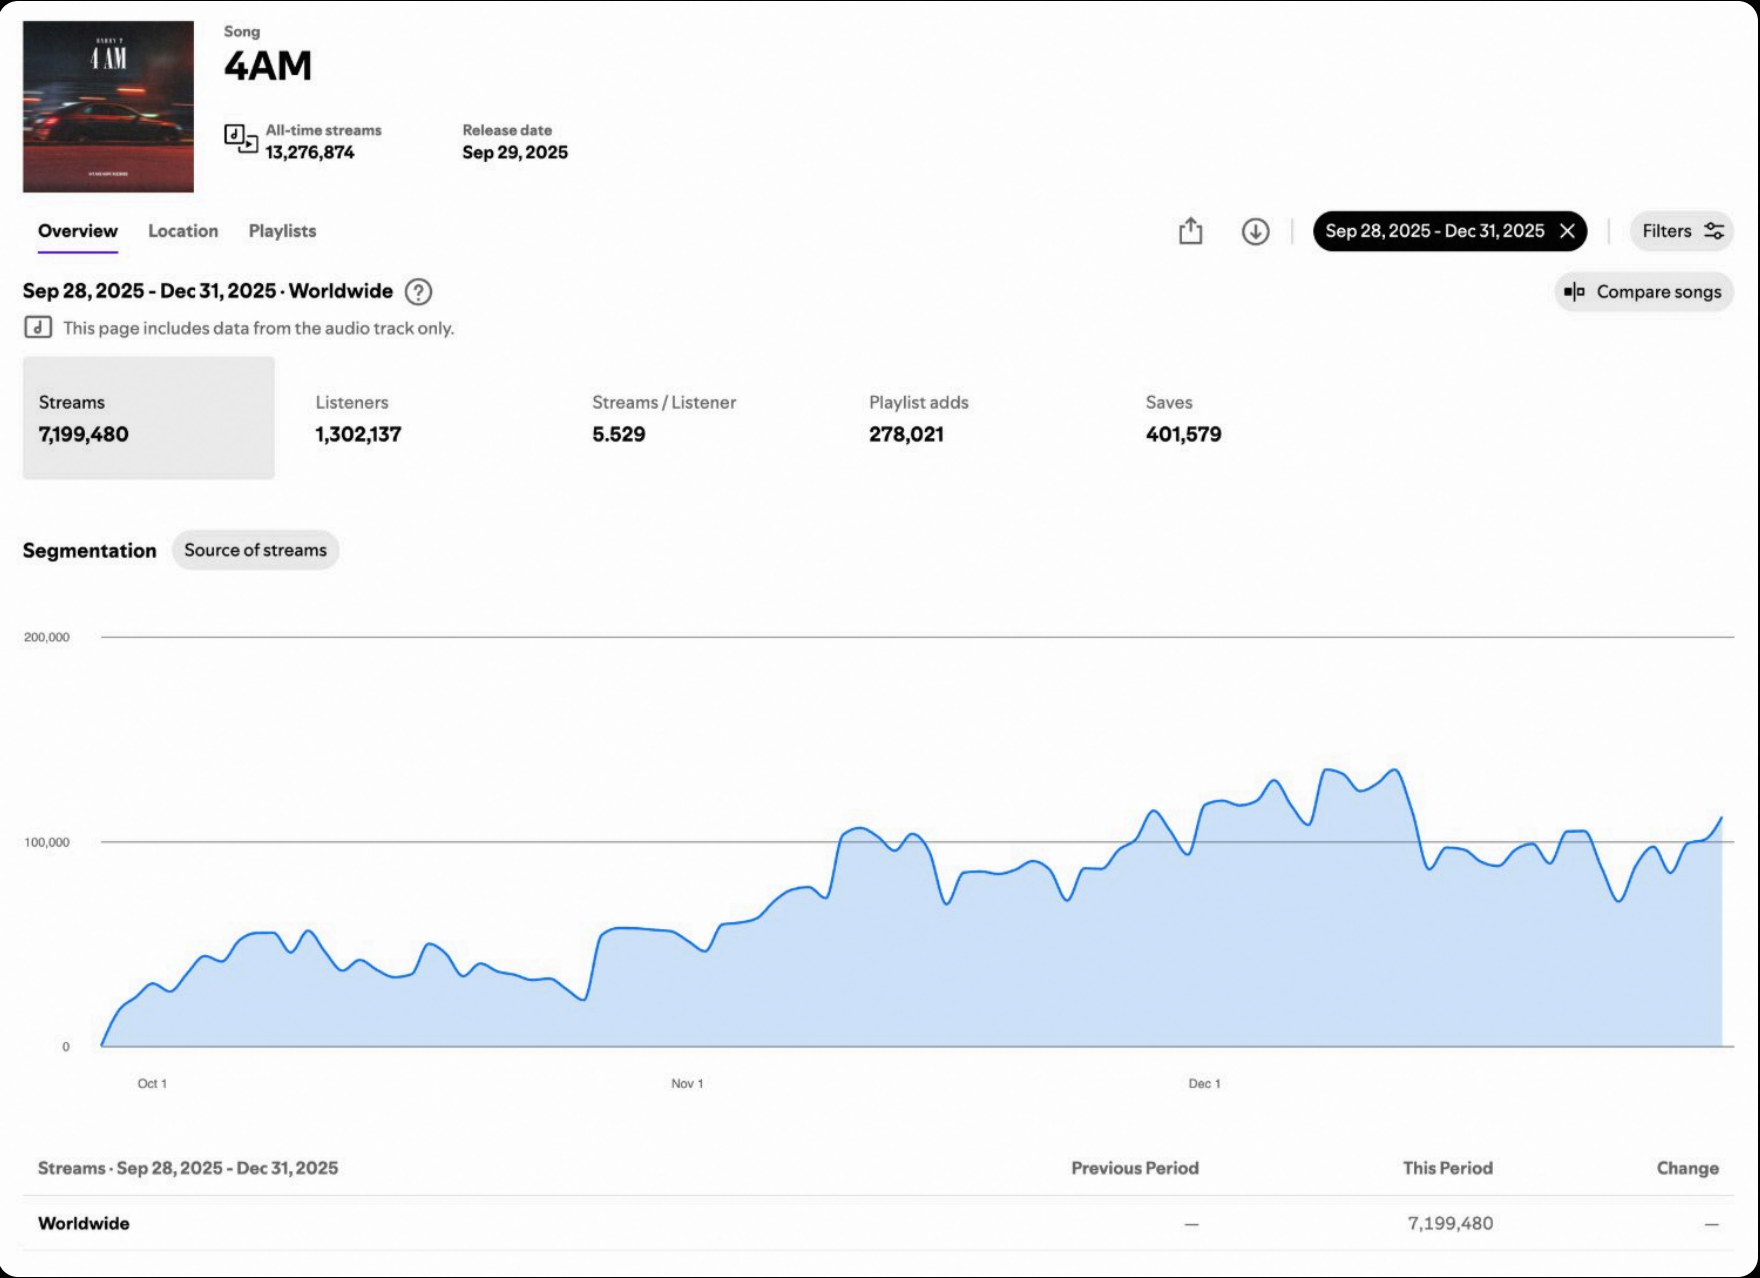

HARRY T — 4AM

0 to 7.2M streams in 90 days.

£6K spend · 20p cost per listener

1.3 million listeners, 278,021 playlist adds and 401,579 saves in the first three months, averaging 76K streams a day. 25+ content variations tested before we scaled a penny.

HARRY T

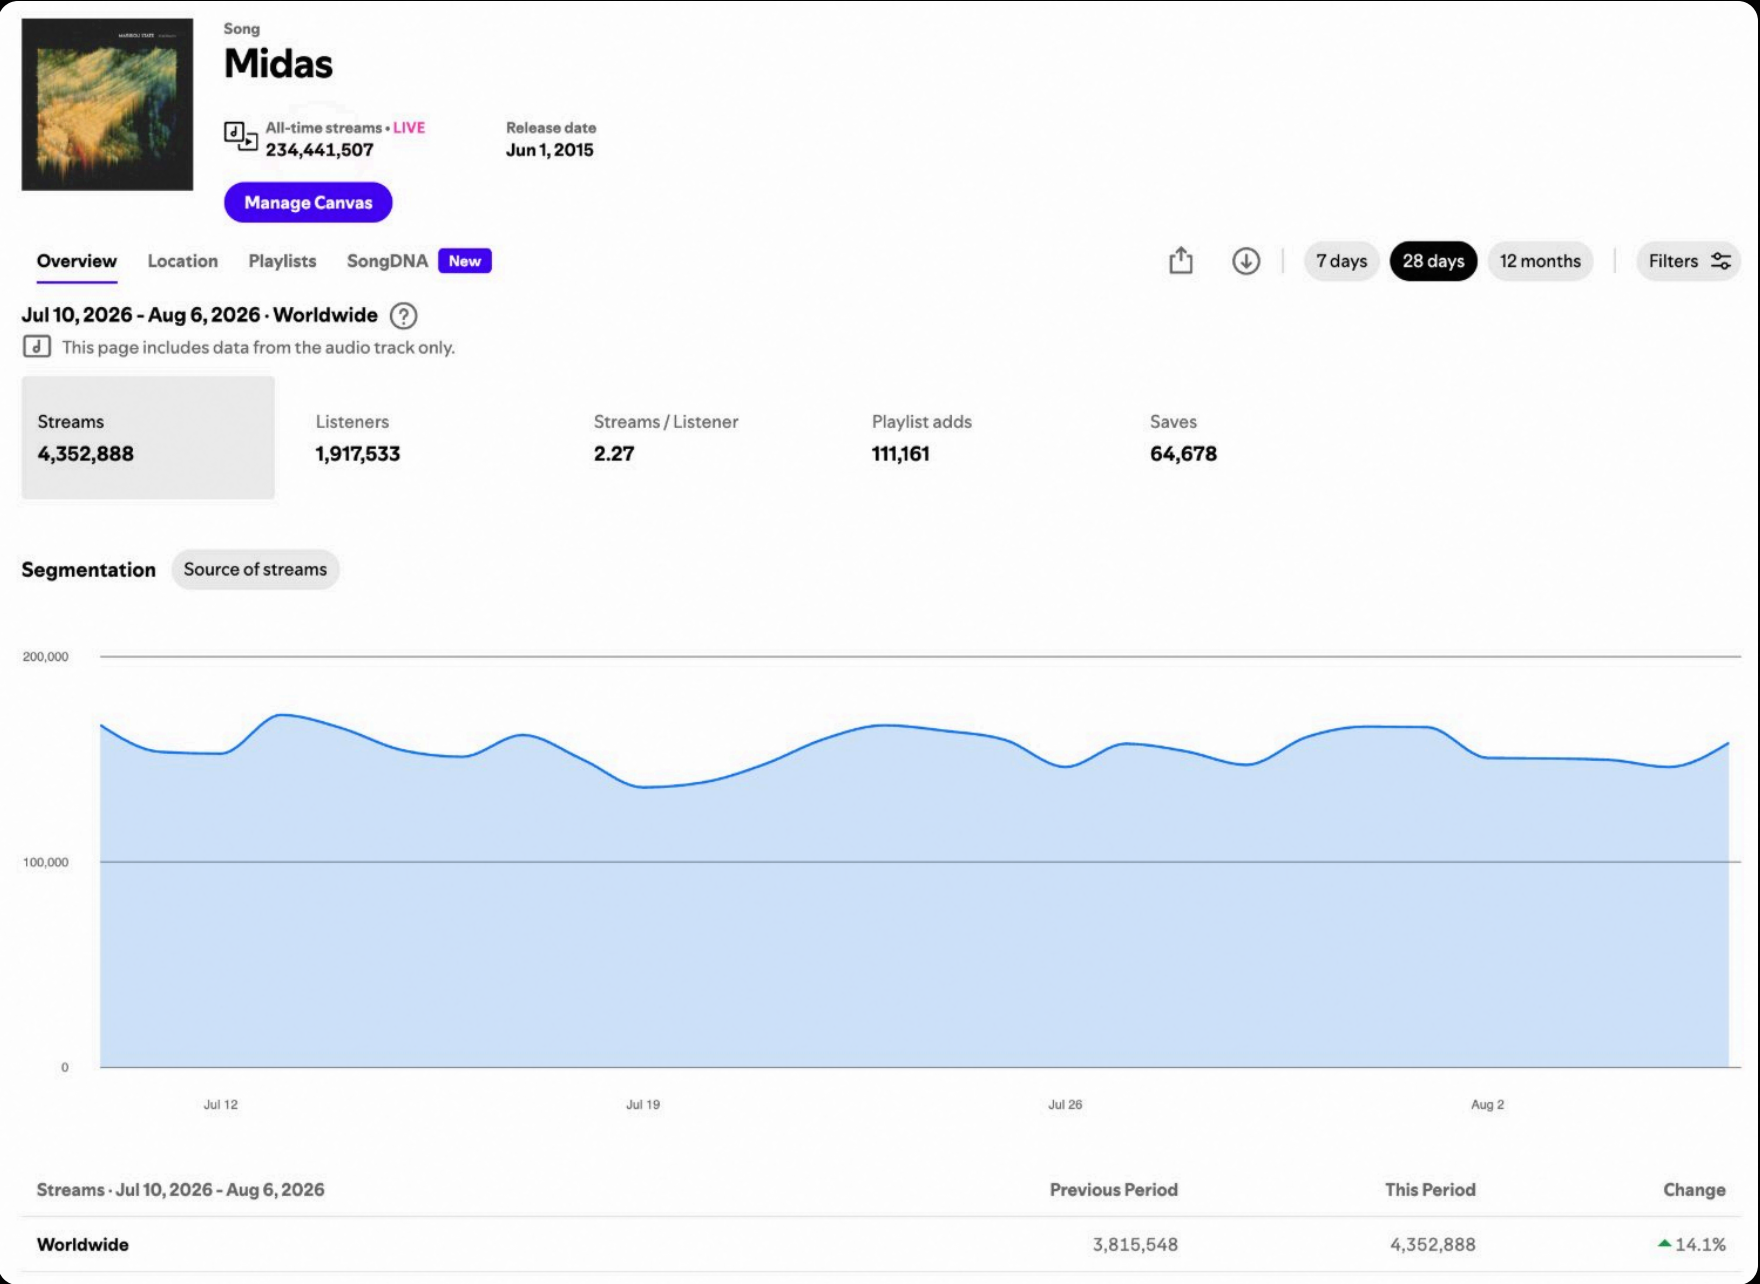

MARIBOU STATE — MIDAS

4.3M streams
in 28 days on a
2015 record.

Averaged 155K a day · up 14.1% on the month before

Eleven years old, 234 million all-time, and still moving. Catalogue doesn't decay on its own — it decays when nobody works it.

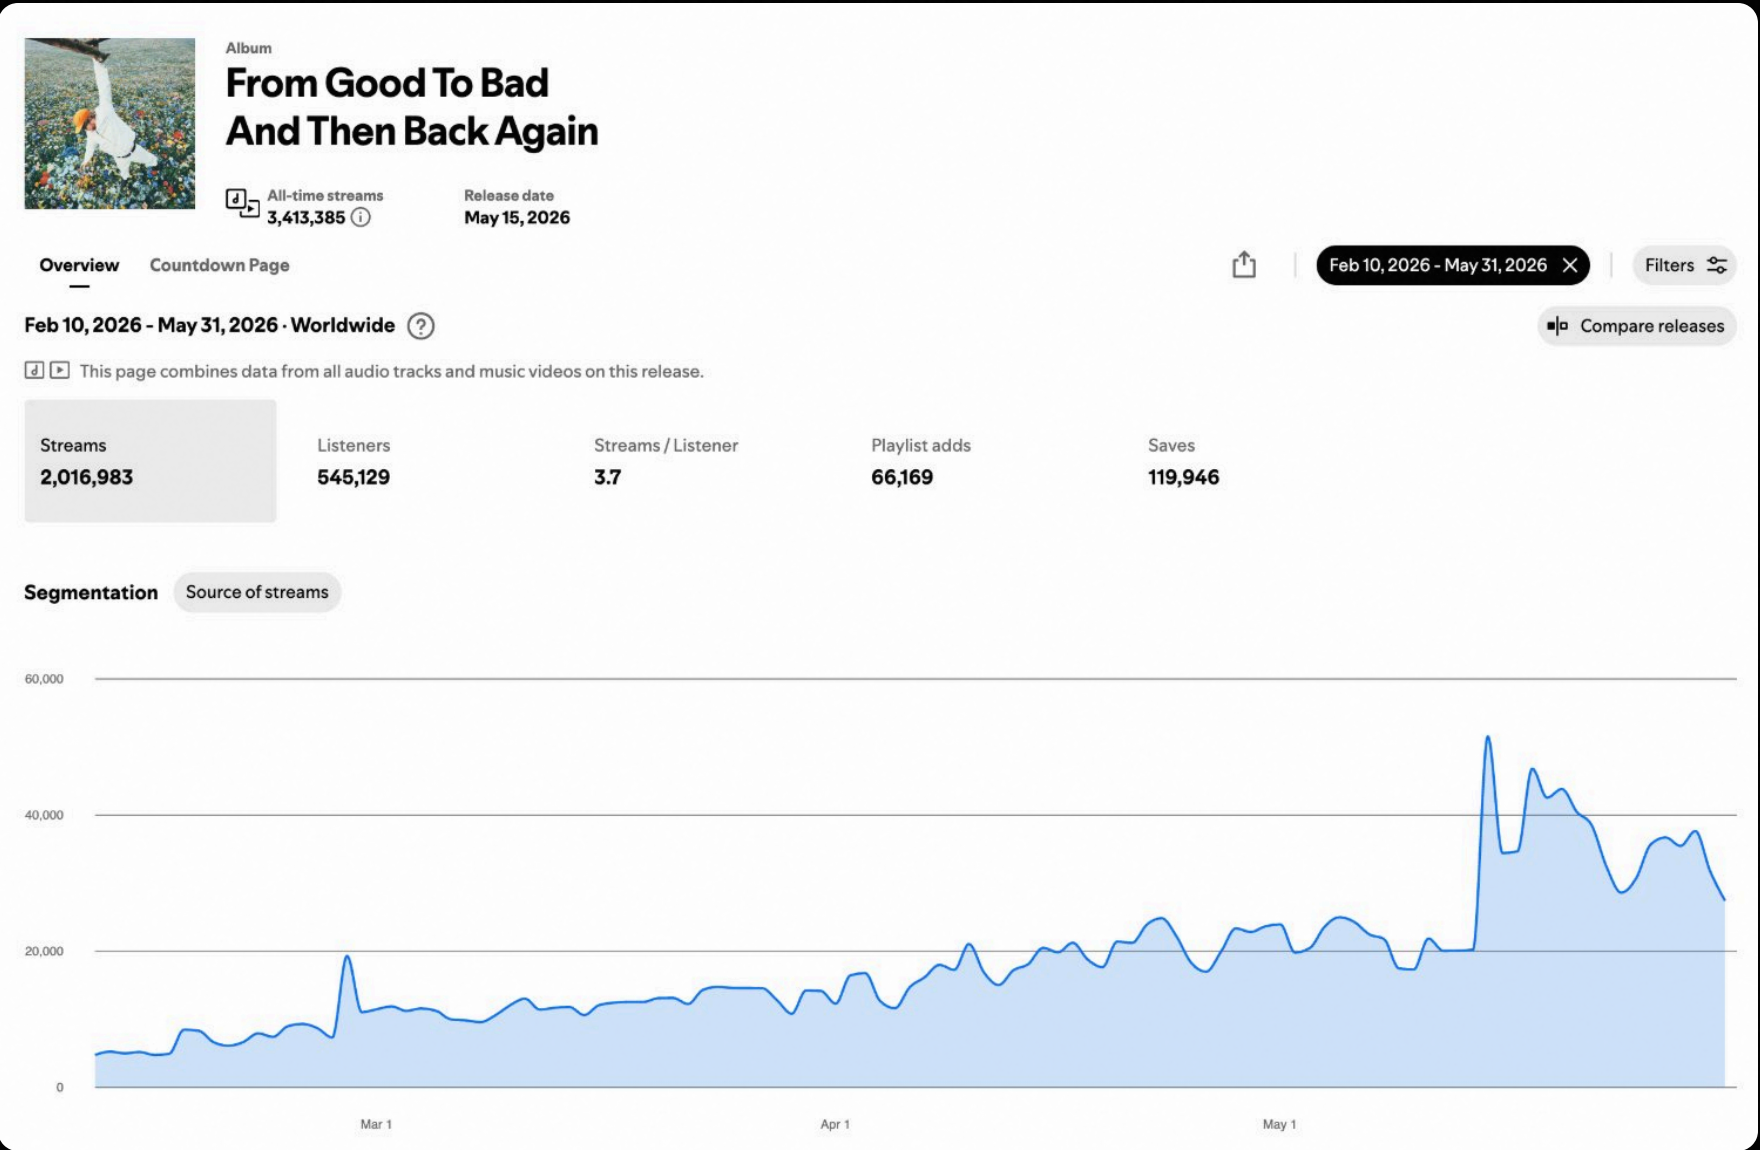

FROM GOOD TO BAD AND THEN BACK AGAIN

2M streams across an album campaign.

Averaged 18K a day · release week above 50K

Built over sixteen weeks from about 5,000 a day to a release-week peak above 50,000, then held at four times where it started. 545,129 listeners and 119,946 saves.

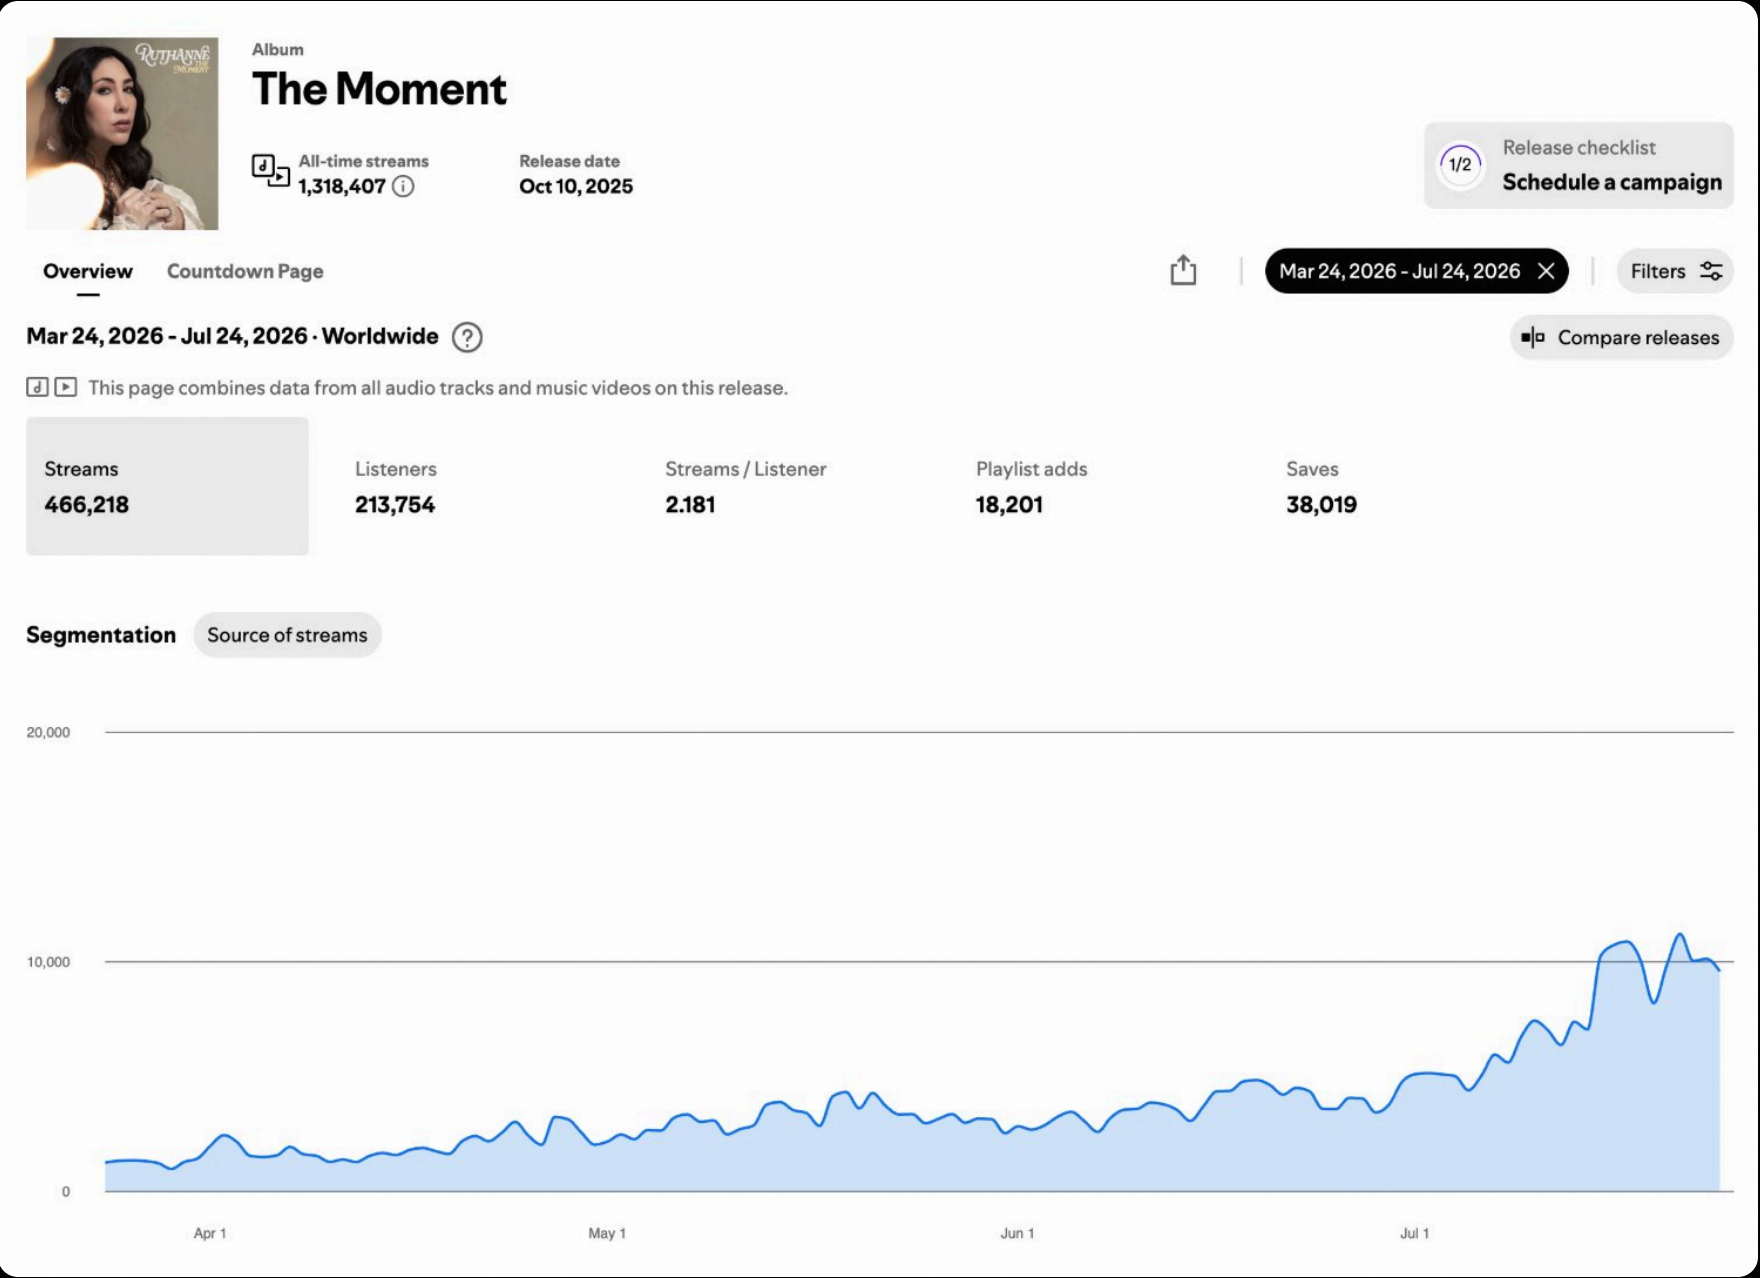

RUTHANNE — THE MOMENT

466K streams on a back catalogue album.

From 1,500 to 11,000 a day · four months

Released the previous October and worked from March. Eighteen thousand playlist adds and thirty-eight thousand saves, on a record that was already out.

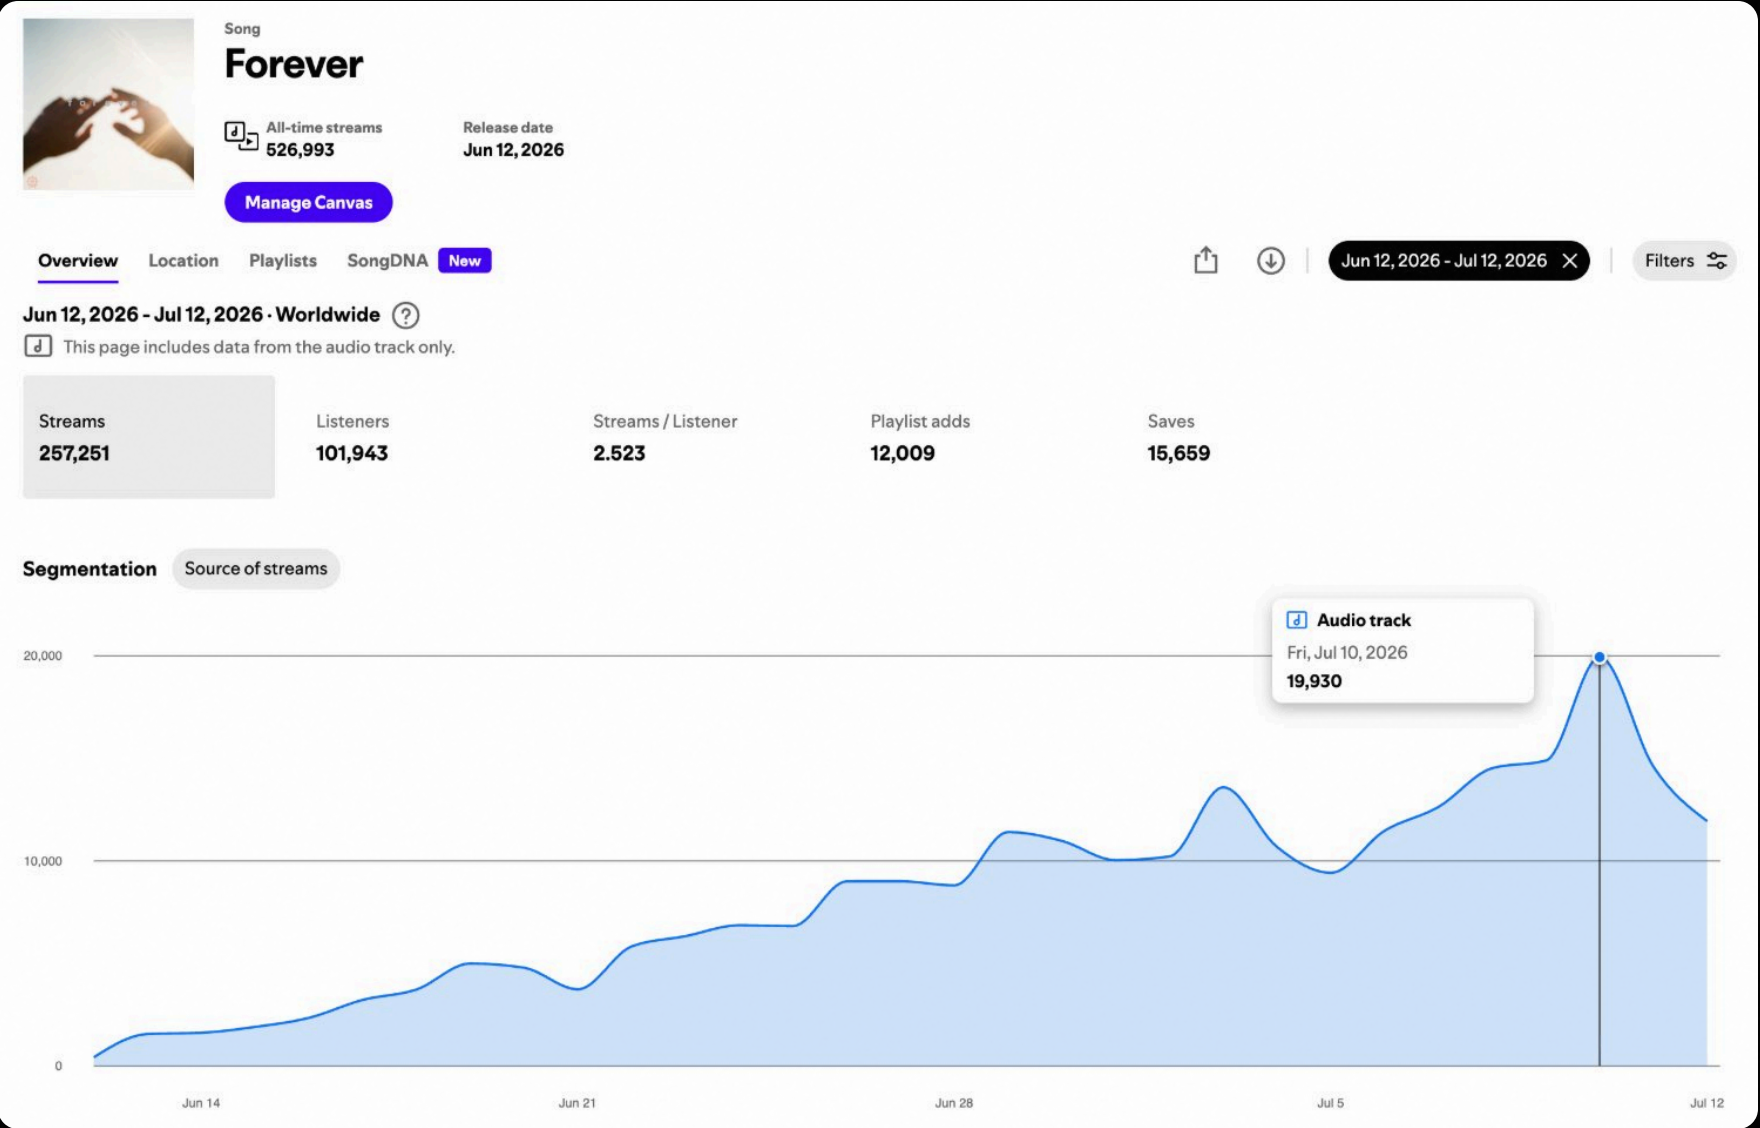

FOREVER

257K streams in the first month.

Peak day 19,930 · 101,943 listeners

Straight into a climb from release day. Twelve thousand playlist adds and nearly sixteen thousand saves inside thirty days.

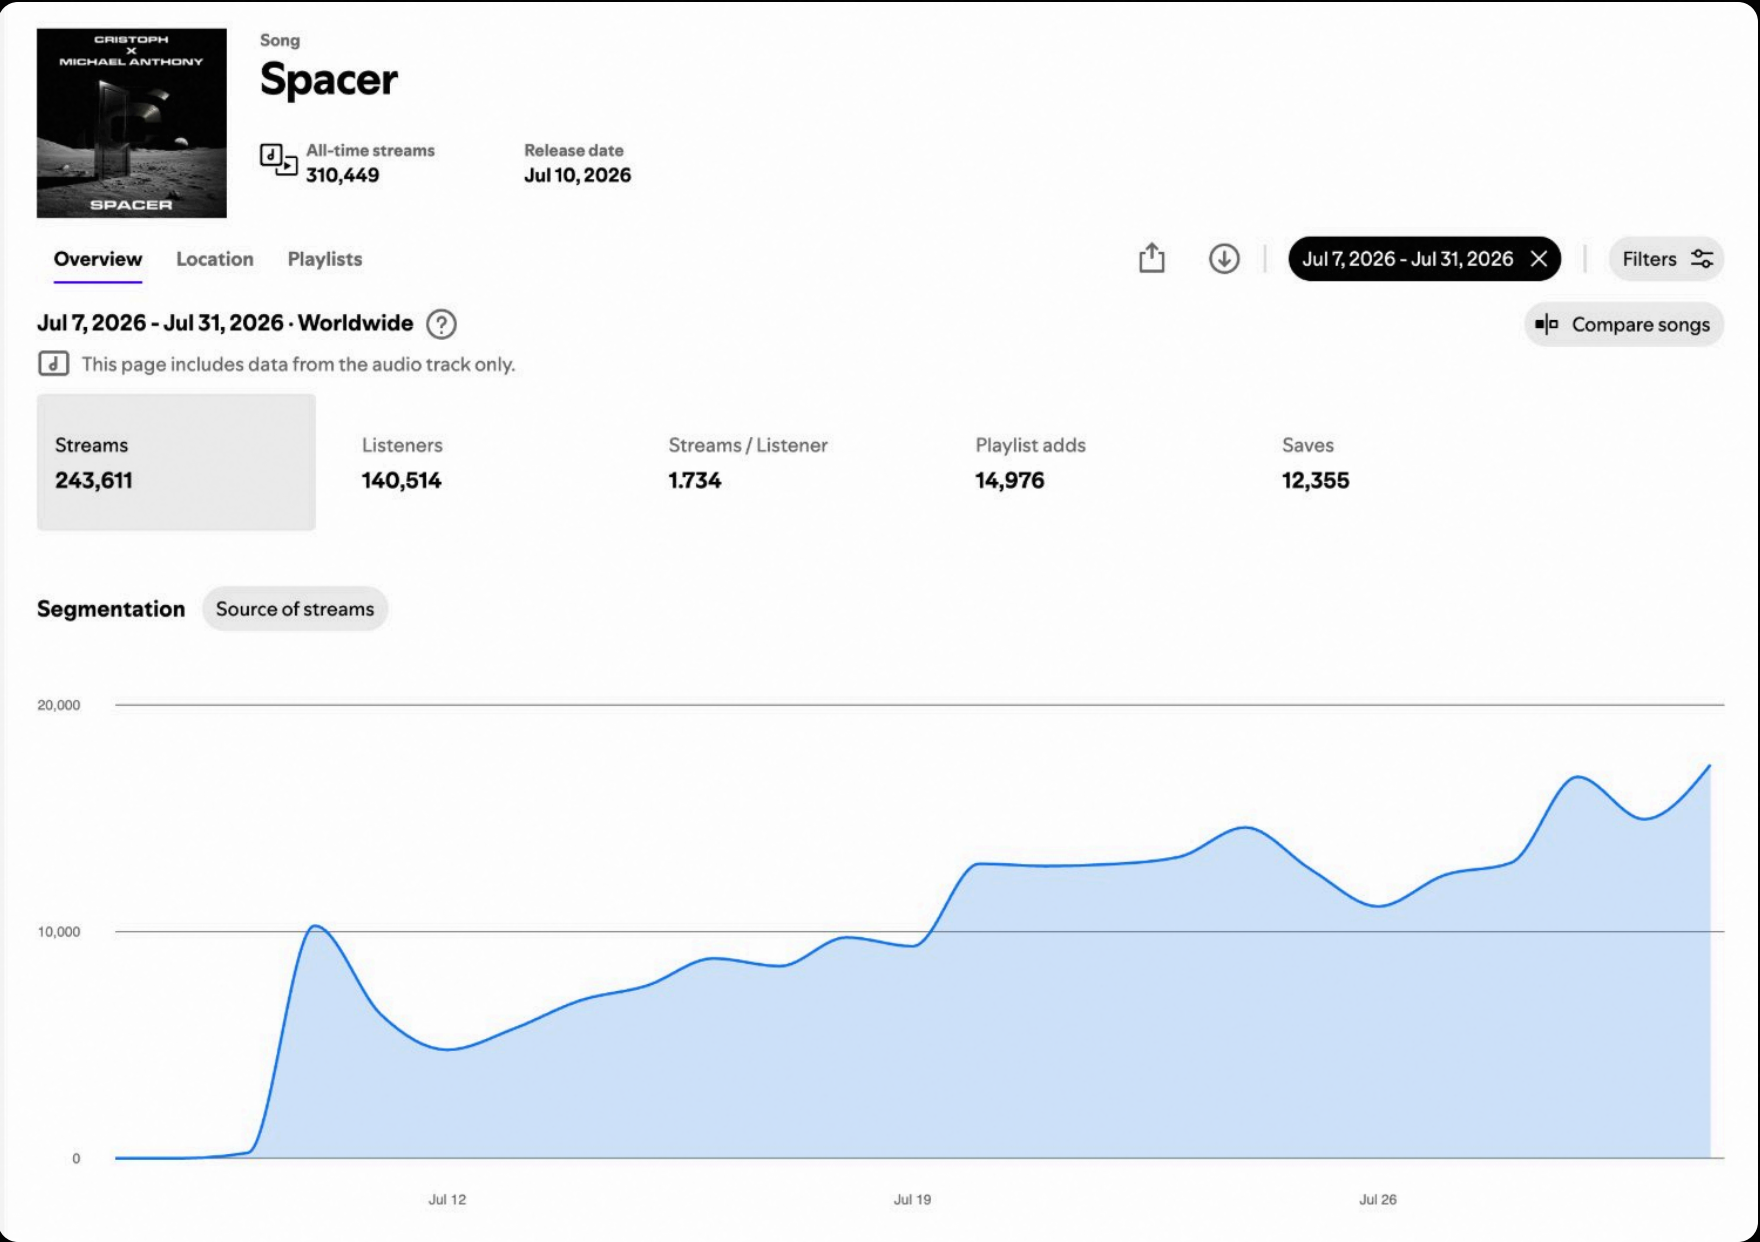

CRISTOPH × MICHAEL ANTHONY – SPACER

0 to 18K daily streams in 3 weeks.

243,611 streams · 140,514 listeners

A cold start on a dance record. Fifteen thousand playlist adds and twelve thousand saves inside the first three weeks.

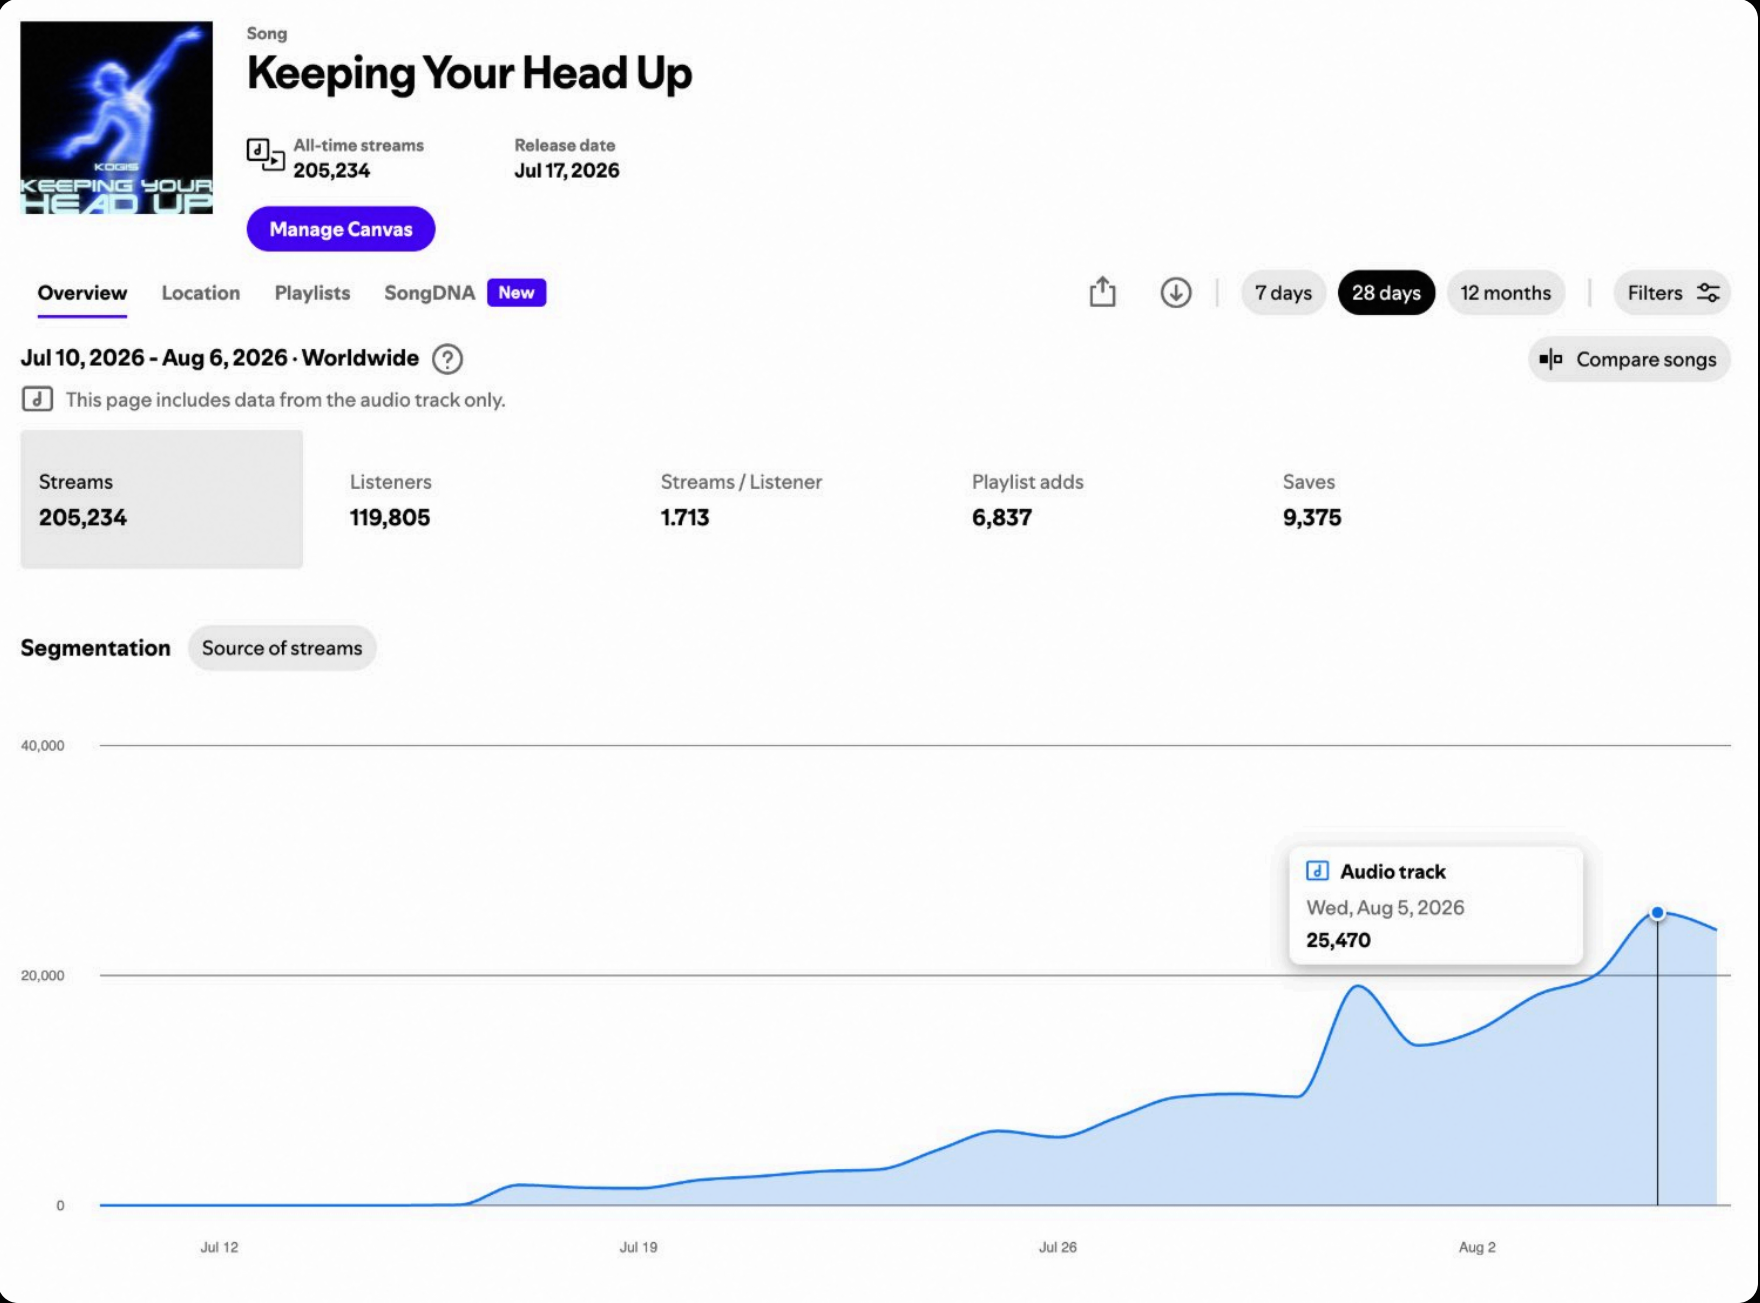

KOGIS — KEEPING YOUR HEAD UP

0 to 25K daily streams in 3 weeks.

Peak day 25,470 · 205,234 streams

Nothing on release day and 25K a day three weeks later. The line only bends once the spend finds the audience that responds.

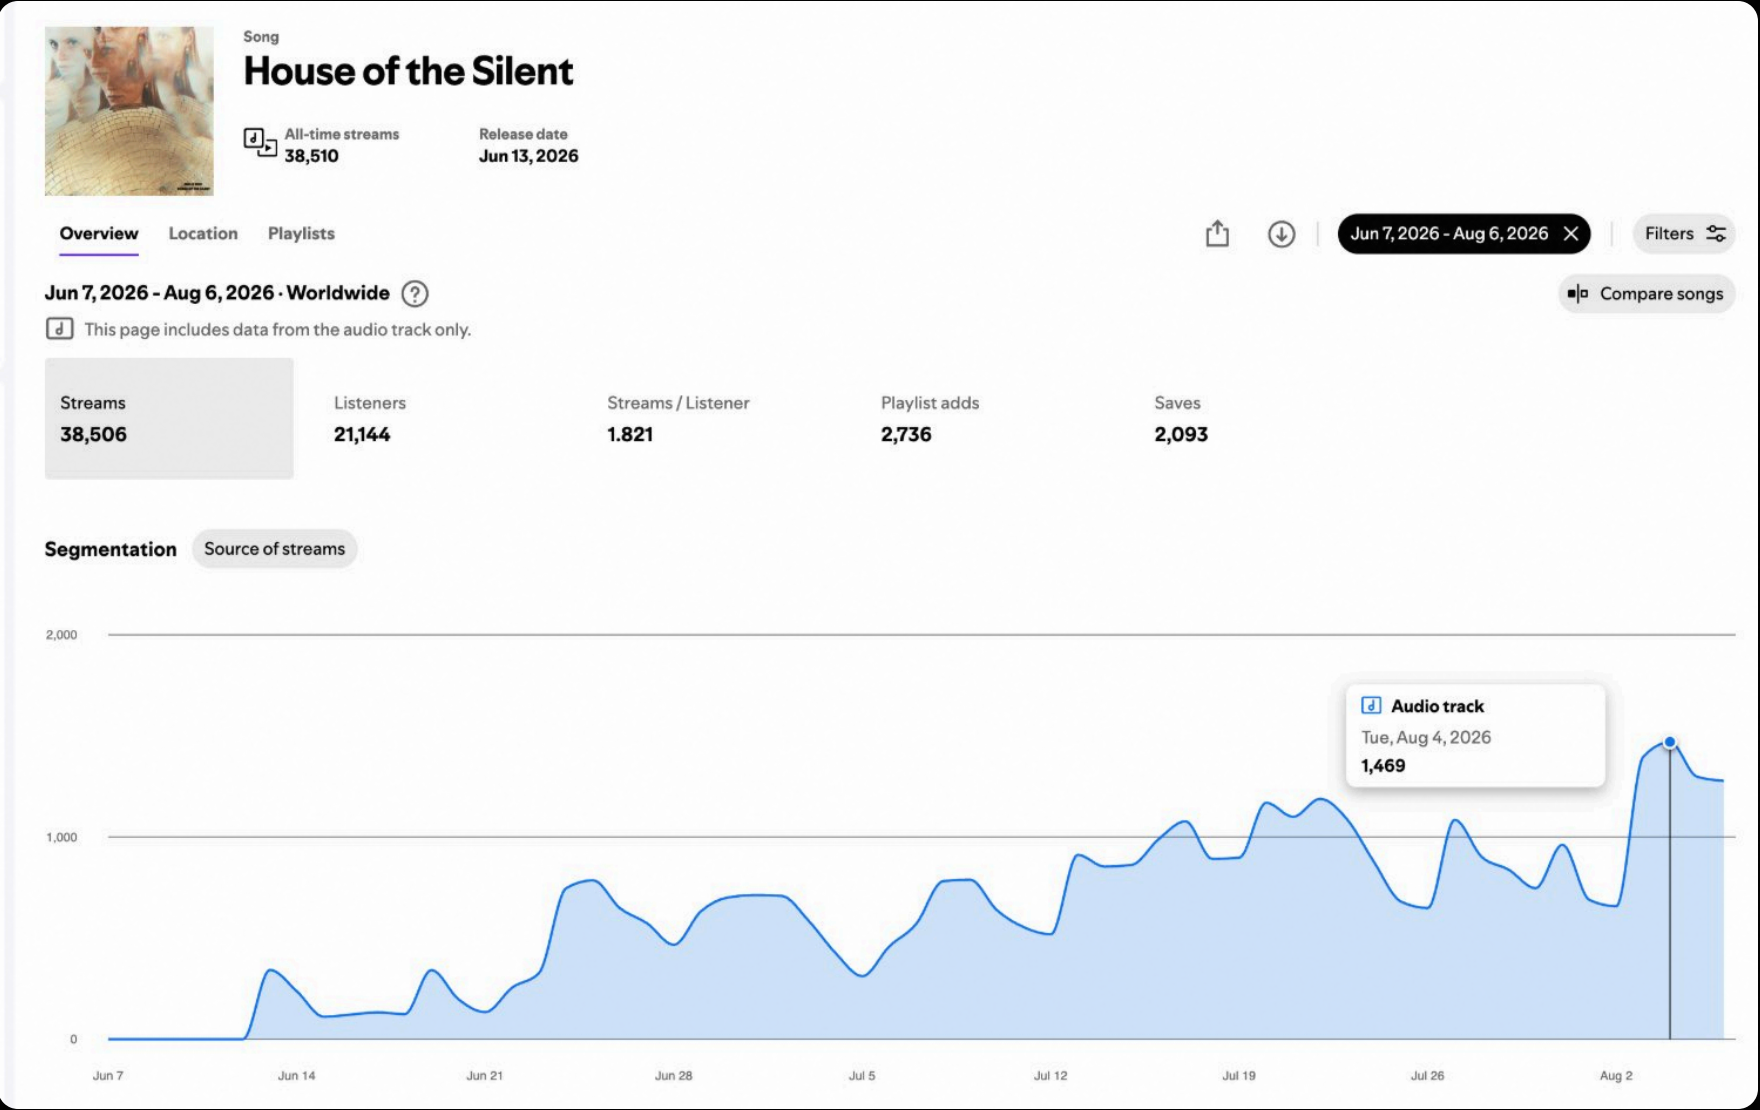

HOUSE OF THE SILENT

0 to 1,400
a day in eight
weeks.

38,506 streams · 21,144 listeners

A small release, worked properly. Twenty-seven hundred playlist adds off a track with under forty thousand streams to its name.

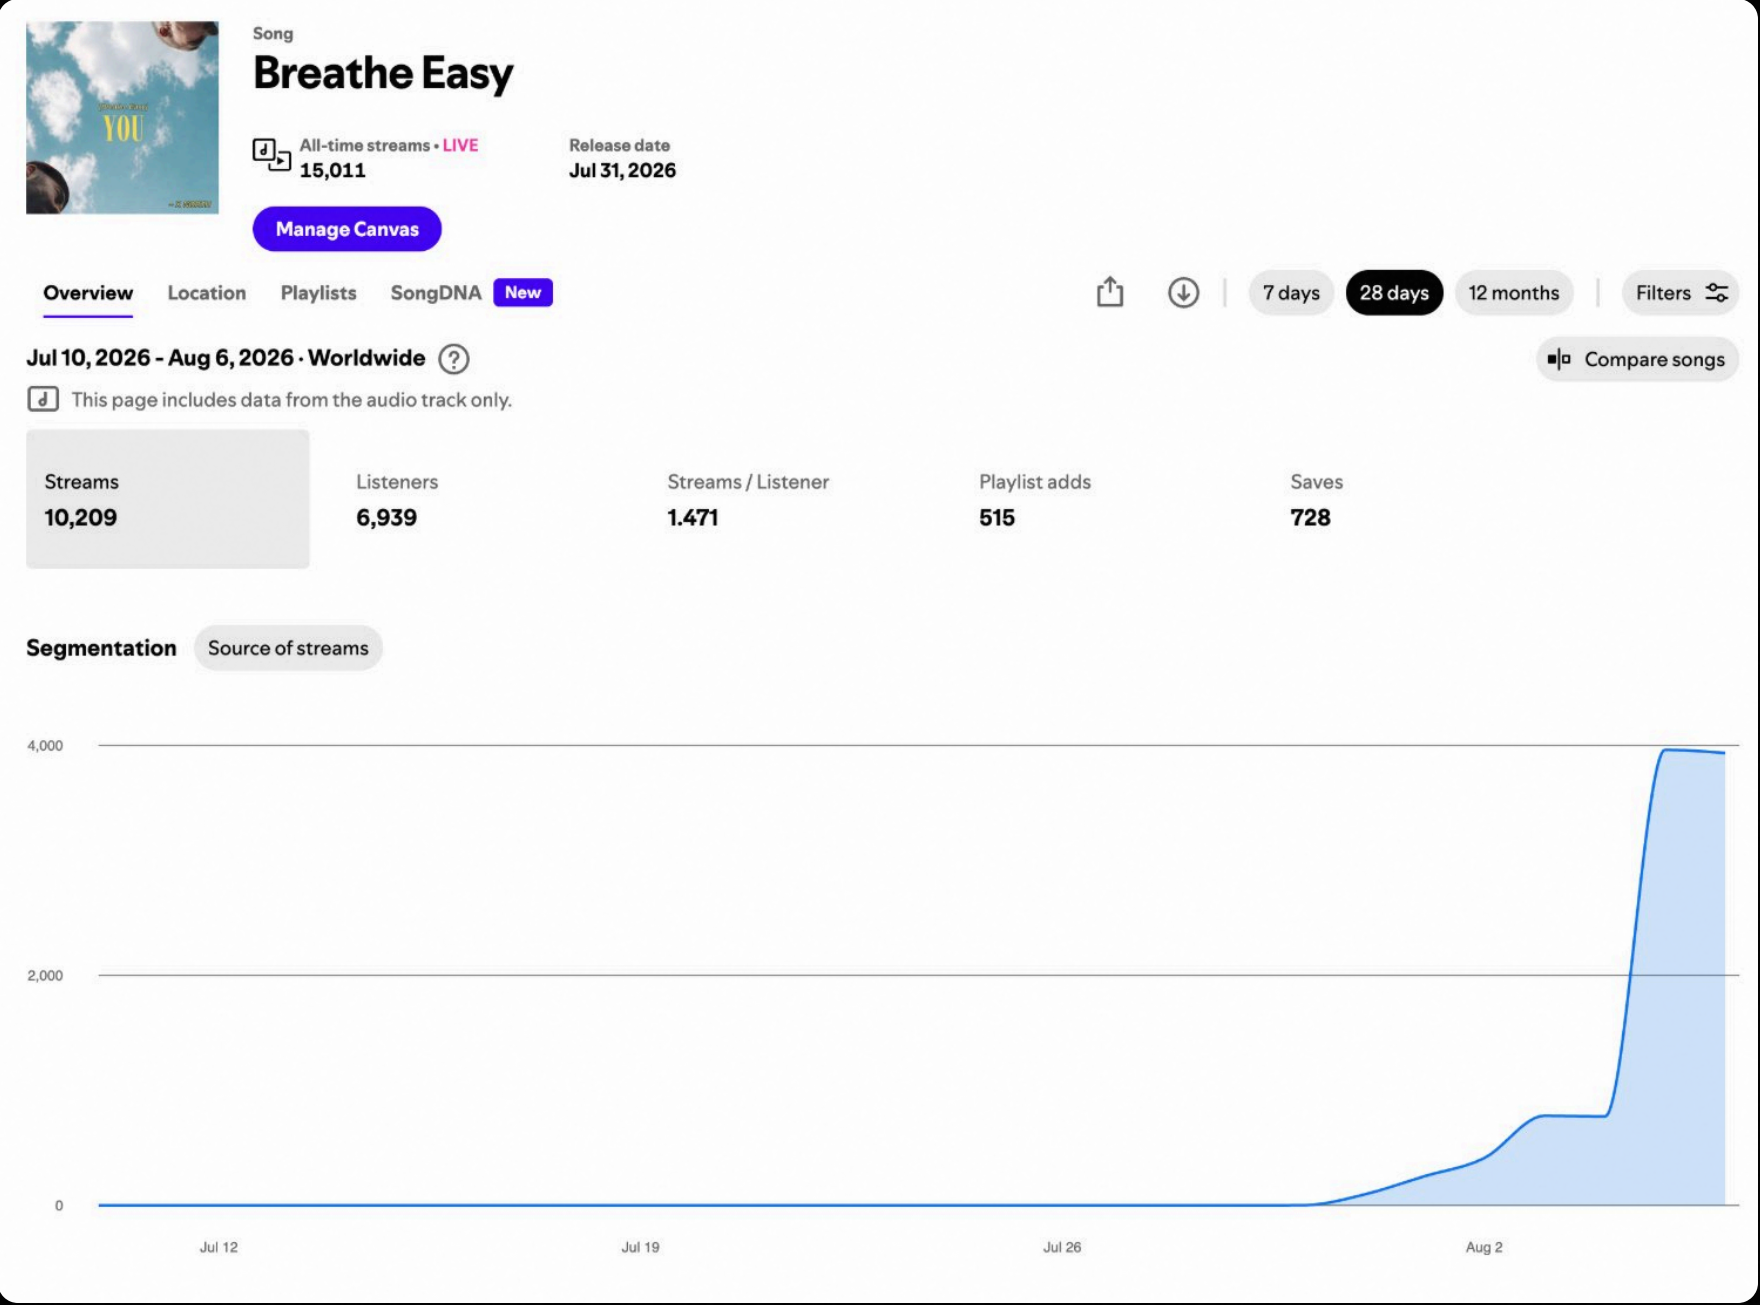

BREATHE EASY

0 to 4,000
a day in a week.

10,209 streams in the first week

The first week of a brand new record. This is what the start of a campaign looks like before anyone has scaled anything.

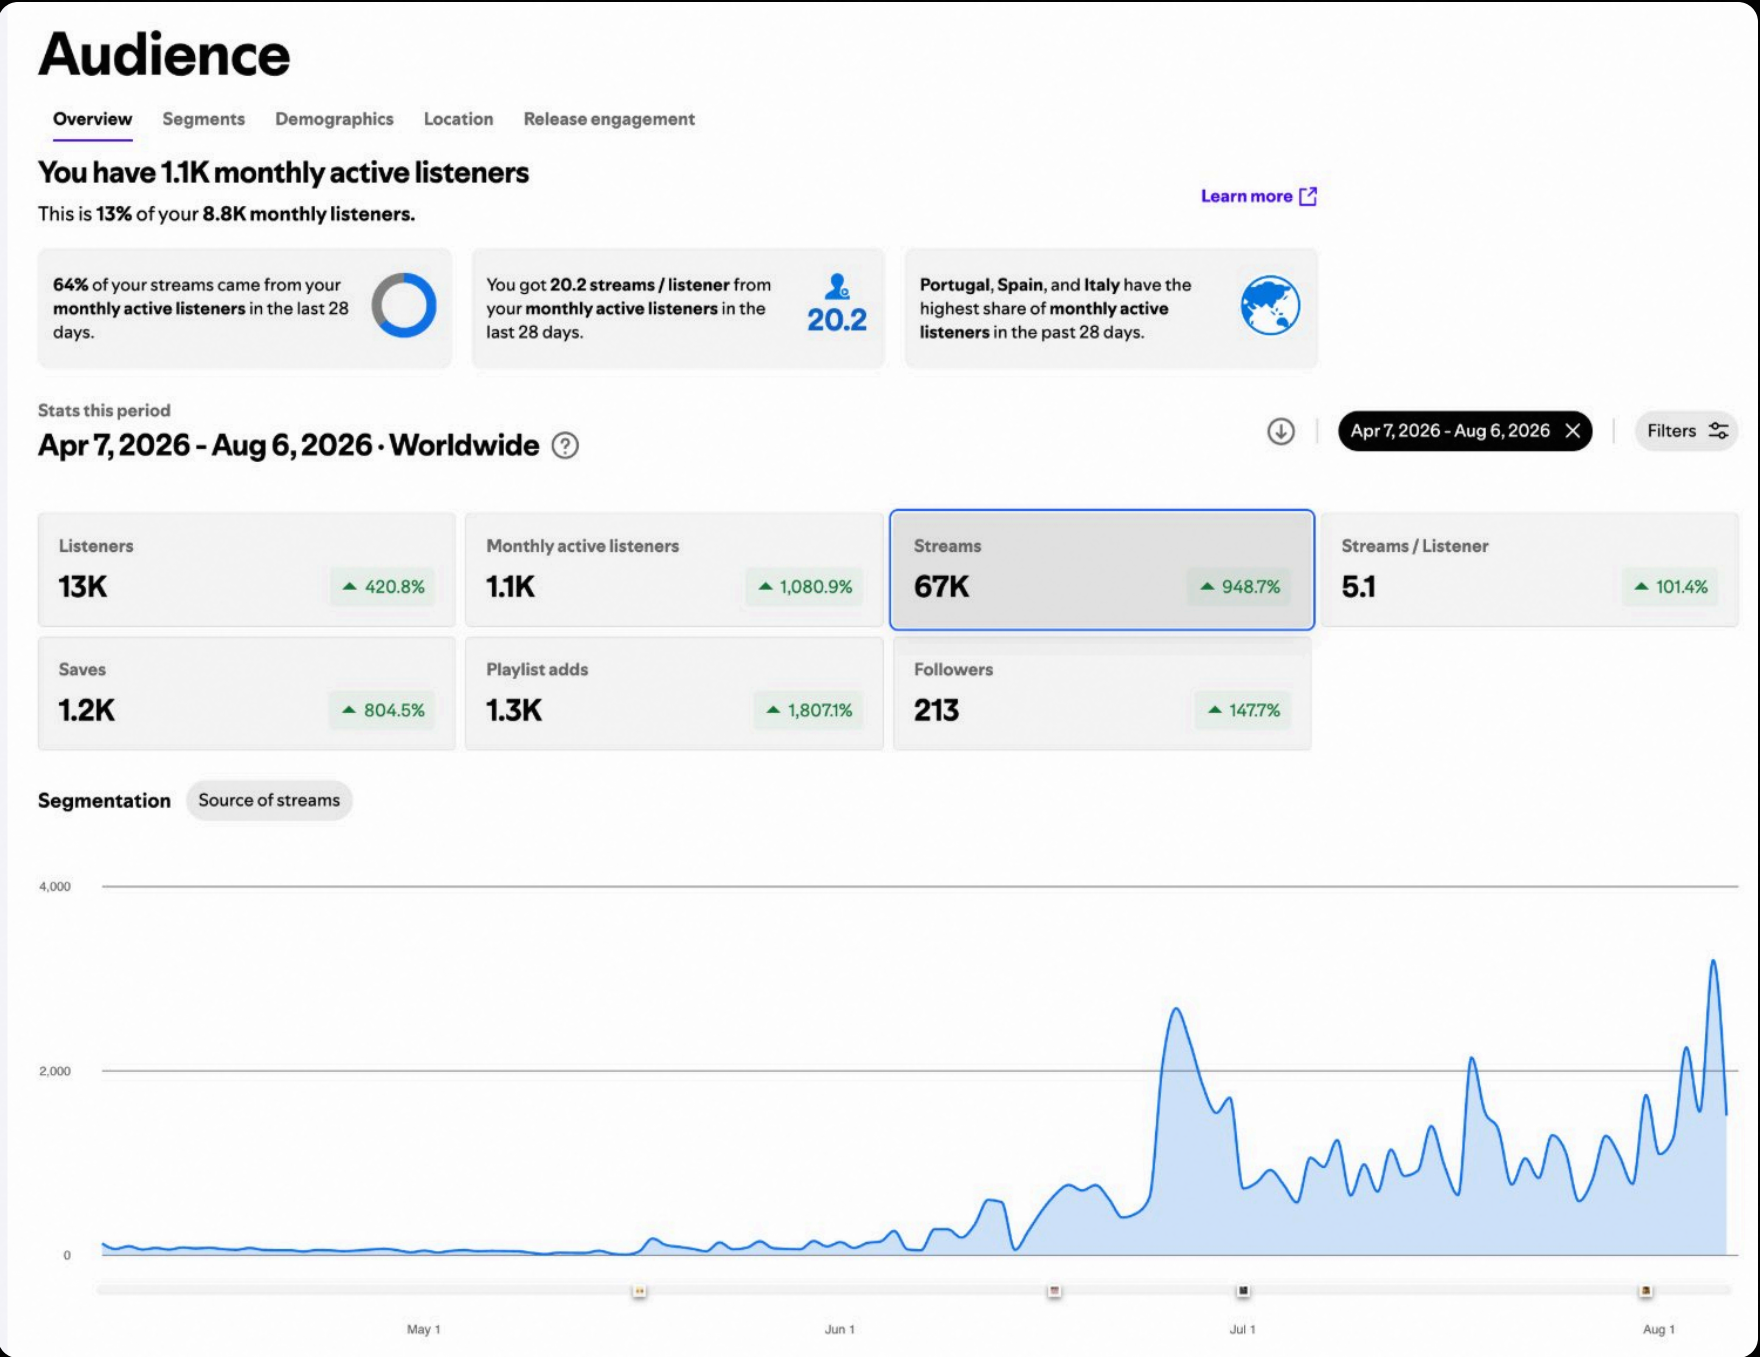

A DEVELOPING ARTIST

Streams up 949% in four months.

Listeners +421% · Playlist adds +1,807%

From an 8.8K-monthly-listener account.
Monthly active listeners up 1,081% and saves
up 805% — the engagement grew with the
reach rather than lagging behind it.

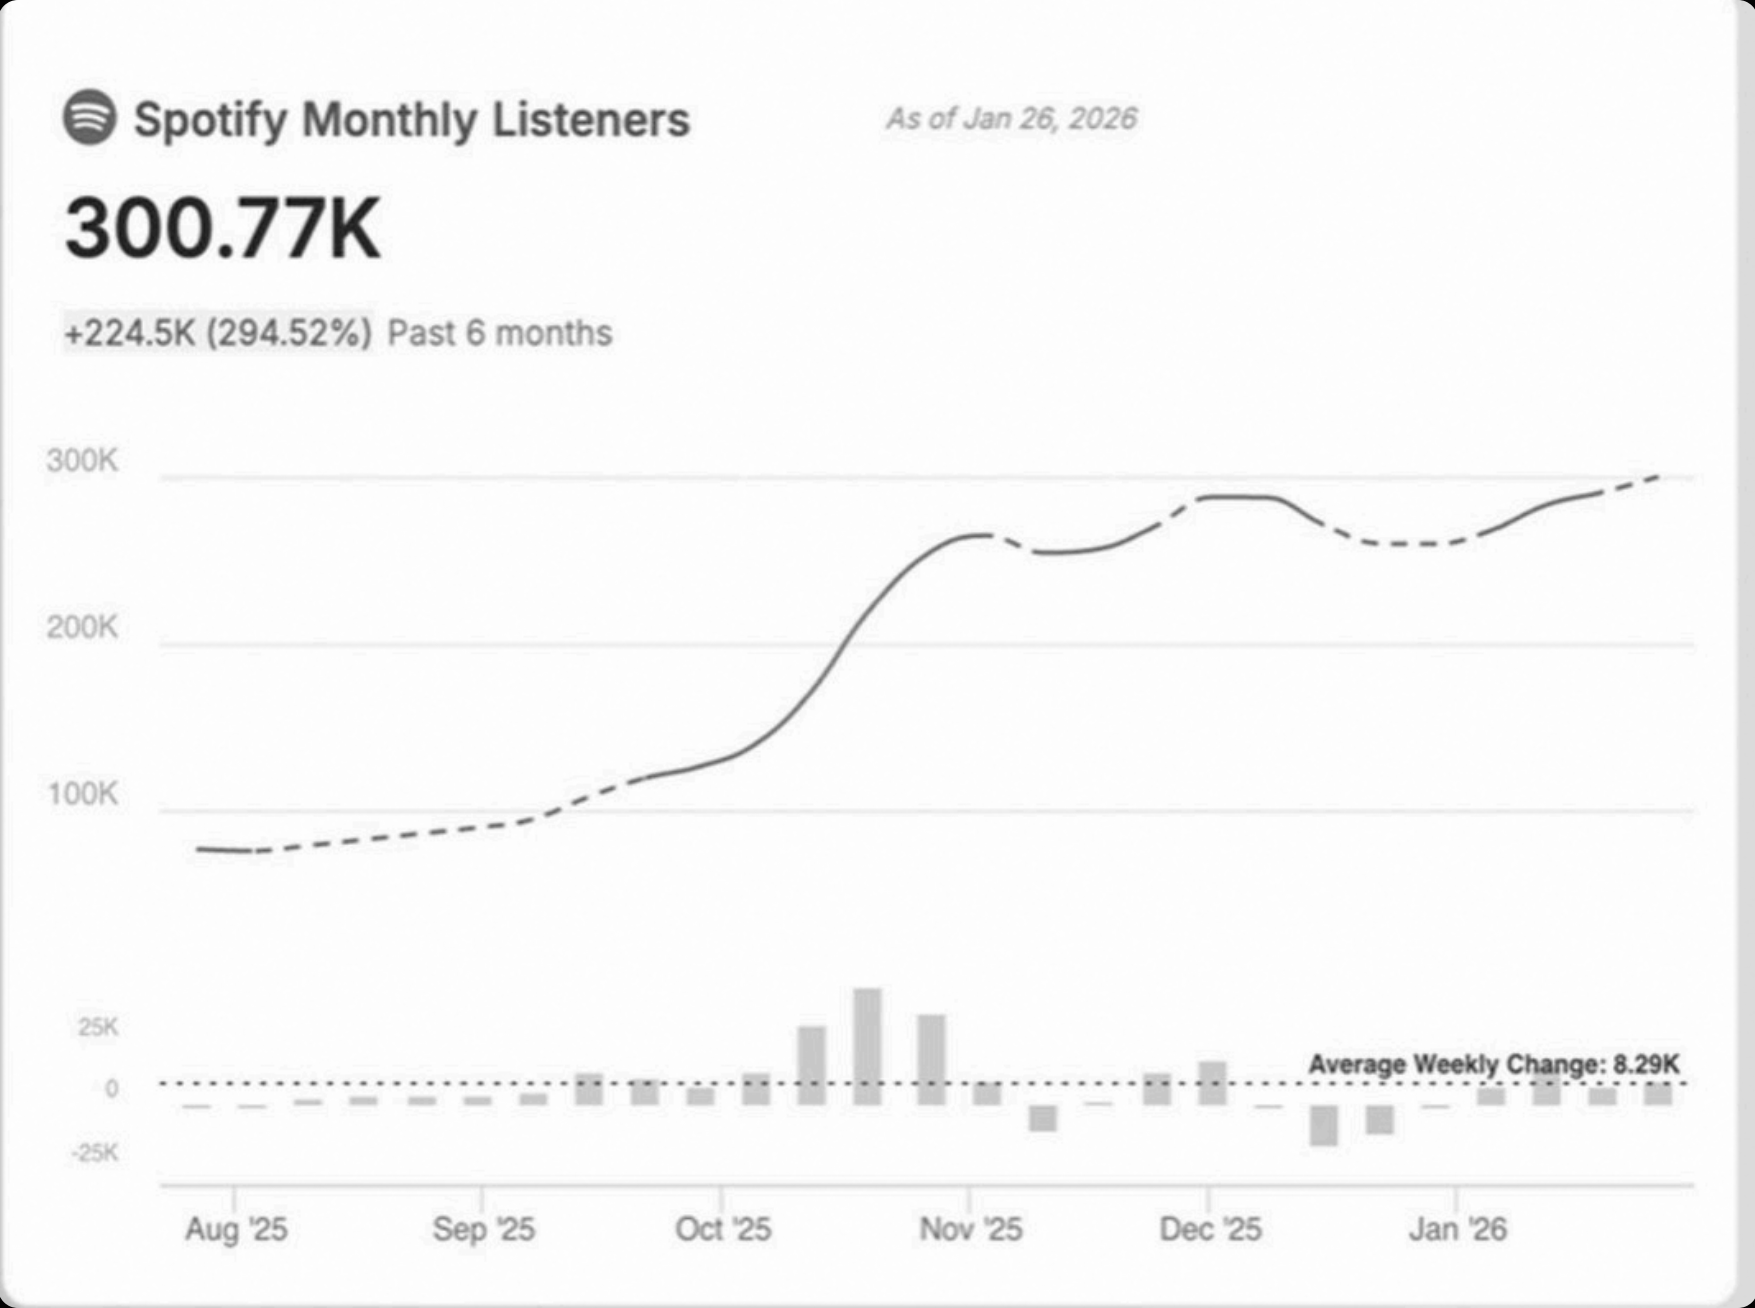

UNLOCKING CATALOGUE VALUE

76K to 300K
monthly listeners.

Six months · 12p a listener

No new release and no new recording. A back-catalogue track that was already half-working, proved out on a test budget and then scaled.
